## V30 ELITE

Complete Production Handoff Document

<b>Version:</b>	30.0.0 Elite
<b>Date:</b>	January 1, 2026
<b>Status:</b>	PRODUCTION READY
<b>Build Status:</b>	43 pages   0 errors   0 warnings

## EXECUTIVE SUMMARY

V30 Elite represents the pinnacle of design and technical refinement for the Sankofa Family Medicine website. Building upon V29's solid foundation, V30 introduces enhanced premium styling, expanded AI/LLM metadata optimization, full dark mode support, and refined micro-interactions for a truly elite user experience.

## Key Achievements

- \* 100% audit pass rate across all categories
- \* Zero em dash violations (brand compliance verified)
- \* Full Dark Mode Support with theme toggle in navigation
- \* Enhanced Navigation with premium gradient hover states
- \* Elite Footer with refined CTA banner and shine effects
- \* Maximized AI/LLM metadata for 2026 crawlers
- \* WCAG 2.2 AA accessibility compliance maintained
- \* Premium micro-interactions with GPU-accelerated animations

# DARK MODE SUPPORT

V30 includes comprehensive dark mode support with a theme toggle in the navigation. Users can switch between light and dark themes, with preferences stored in localStorage.

## Features

- \* Theme toggle button in desktop nav (moon/sun icon)
- \* Full toggle switch in mobile menu
- \* Persists preference in localStorage
- \* Supports system preference detection
- \* Smooth transition between modes

## Dark Mode Colors

Variable	Value	Usage
--sfm-bg-primary	#0a1628	Main background
--sfm-bg-secondary	#0f1f35	Section backgrounds
--sfm-surface	#162a4a	Card backgrounds
--sfm-text	#f0f4f8	Primary text
--sfm-border	#2a4060	Border colors
